ULTIMATECUT line

ULTIMATECUT: Trimmed for high performance from shank to tip. Manufactured on state-of-the-art production equipment. Developed with the ideas and expert knowledge gained from almost 50 years in the manufacture of drilling and cutting tools. Precision tools of the ULTIMATECUT series stand for Made in Germany. Equipped with an extremely long service life, they guarantee high-precision results and a particularly high level of efficiency and time savings for sophisticated solutions in industry and professional crafts.

ULTIMATECUT Twist drill sets DIN 338 type FLOWSTEP®, HSS

19-piece

Ø 1.0 to 10.0 x 0.5 mm increasing

Item no. 259 214 RO

€ 84,00

25-piece

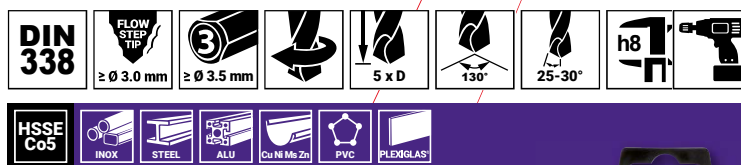

Ø 1.0 to 13.0 x 0.5 mm increasing

Item no. 259 215 RO

€ 145,00

ULTIMATECUT Twist drill sets DIN 338 type FLOWSTEP®, HSSE-Co 5

19-piece

Ø 1.0 to 10.0 x 0.5 mm increasing

Item no. 259 214 ERO

€ 115,00

25-piece

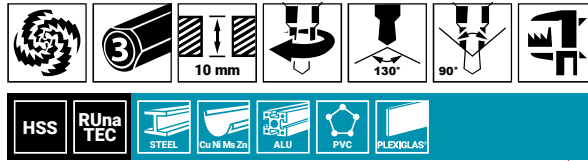

Ø 1.0 to 13.0 x 0.5 mm increasing

Item no. 259 215 ERO

€ 165,00

ULTIMATECUT Multidrill set with turbo tip, HSS RUnaTEC

3-piece
 Ø 6.0 - 12.0 | Ø 6.0 - 20.0 | Ø 6.0 - 27.0 mm
 Item no. 101 087 PRO

€ 260,00

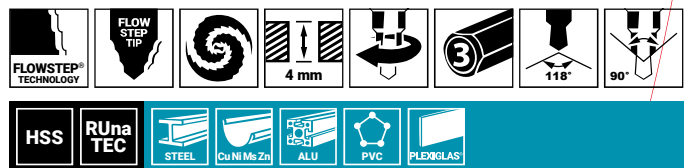

FLOWSTEP® tip - Precise centering without center punching and faster spot drilling on a wide variety of materials and rounded surfaces such as pipes.

**RUna
TEC**

RUKO nano Technology Beschichtung = RUnaTEC:
 For up to 16 times longer tool life, optimal smooth drilling surfaces.

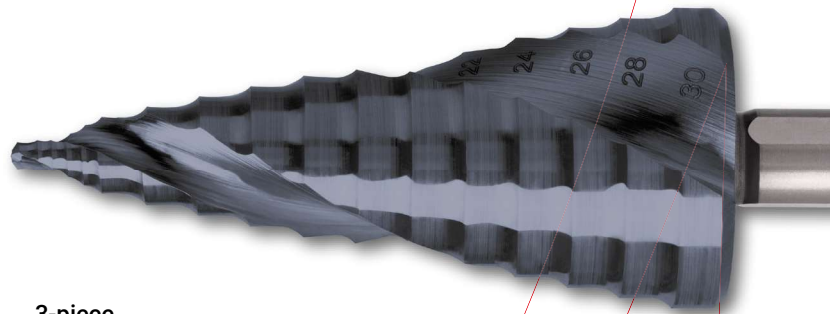

ULTIMATECUT Step drill set with FLOWSTEP® tip, HSS RUnaTEC

3-piece
 Ø 5.0 - 12.0 | Ø 6.0 - 20.0 | Ø 8.0 - 30.0 mm
 Item no. 101 626 PRO

€ 223,00

RUKO Classic's.

Providing high-quality tools is what drives us.

And with our fascination for precision, we not only turn metal into a tool, but promise an excellent result with every single drilling, countersinking and cutting tool for all tasks in the professional metal trade.

Twist drill sets DIN 338 type VA, HSSE-Co 5

19-piece

Ø 1.0 to 10.0 x 0.5 mm increasing

Item no. 215 214 RO

€ 60,00

25-piece

Ø 1.0 to 13.0 x 0.5 mm increasing

Item no. 215 215 RO

€ 125,00

Twist drill sets DIN 338 type N, HSS

19-piece

Ø 1.0 to 10.0 x 0.5 mm increasing

Item no. 214 214 RO

€ 36,00

25-piece

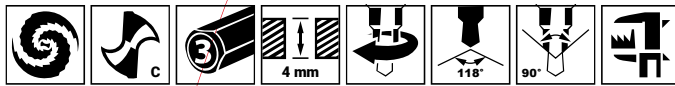

Ø 1.0 to 13.0 x 0.5 mm increasing

Item no. 214 215 RO

€ 67,00

Step drill set spiral fluted
with split point, **HSS-TiAlN**

LONG LIFE

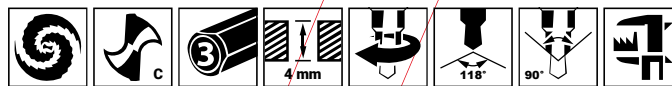

3-piece

Ø 4.0 - 12.0 | Ø 4.0 - 20.0 | Ø 4.0 - 30.0 mm

Item no. 101 026 FRO

€ 185,00

Step drill set spiral fluted
with split point, **HSS-TiN**

LONG LIFE

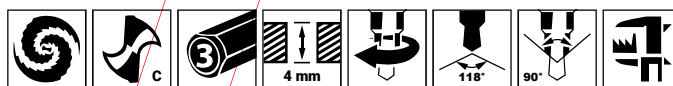

3-piece

Ø 4.0 - 12.0 | Ø 4.0 - 20.0 | Ø 4.0 - 30.0 mm

Item no. 101 026 TRO

€ 185,00

Step drill set spiral fluted
with split point, **HSS**

3-piece

Ø 4.0 - 12.0 | Ø 4.0 - 20.0 | Ø 4.0 - 30.0 mm

Item no. 101 026 RO

€ 118,00

LOWER COSTS

NEW: **ULTIMATECUT**® 4S

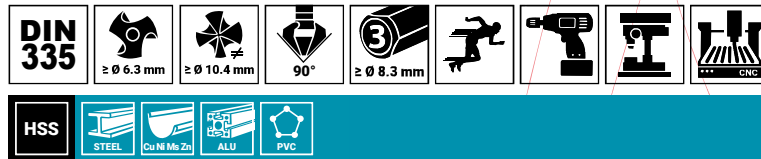

Almost twice as fast through the material. Less rework. And up to 3 times more countersinking with one tool. The new ULTIMATECUT Countersink 4S - with four unequally divided cutting edges for unique performance and ultra-long tool life. Available in dimensions from Ø 10.4 to 40.0 mm. And in the versions HSS blank or with the proprietary RUnATEC coating for up to 16 times longer tool life and an even more perfect surface.

Item no. 108 820

Power: Enough.

Speed: Fits.

Drill: WOW!

ULTIMATECUT[®] Twist drill with FLOWSTEP[®] tip

The ULTIMATECUT line with built-in WOW effect. With special FLOWSTEP[®] tip, which makes center punching unnecessary and cuts the material with pinpoint accuracy. With unique cutting geometry that speeds up the drilling process and enables almost twice as fast drilling results compared to conventional twist drills. And a three-surface shank that guarantees that the power and speed of the machine get to where they are needed.

More about ULTIMATECUT and FLOWSTEP[®] technology at www.ruko.de.
